

---

**GST Genie – FP**  
Pay Per Use Model  
**Android Tablet Application**  
*Quick Start Guide*  
Version 2.0

---

## 1 Taking care of your device

---

Always keep your device charged. Plug in the charger for at least 2 hours.

## 2 Login

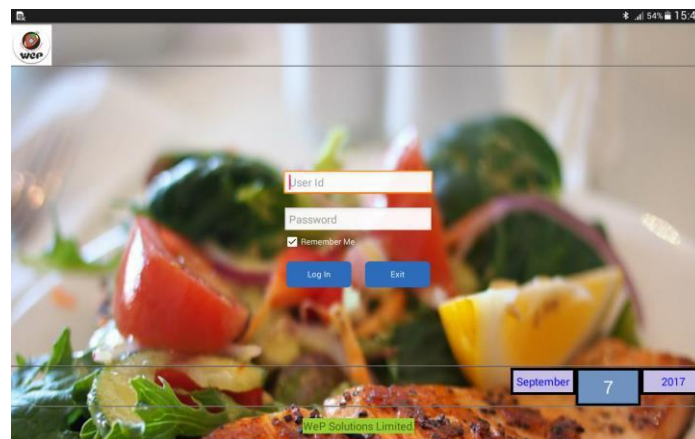

Login to system for the first time using default credentials.

Default Credentials are:

**Username: admin**

**Password: admin**

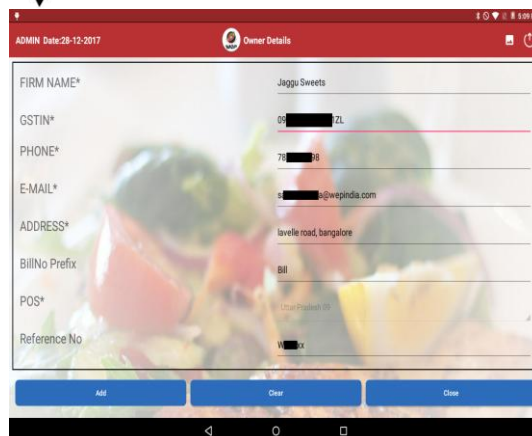

And click on “Log in” button

On Successful login you will land on Owner Detail Screen

Home Screen will be launched after saving owner details

Owner details screen will launch every time until, at least one bill is made. User has to enter details like firm name, GSTIN, email id, phone. Reference no is required when user uploads the GSTR data (through GST Genie app) to Wep Asp Panel. User can obtain the reference no by registering himself on below mentioned link. After successful registration, user will get reference no in sms on his mobile no, which he can update either in owner detail screen or in settings.

### 3 Add Items – From CSV File

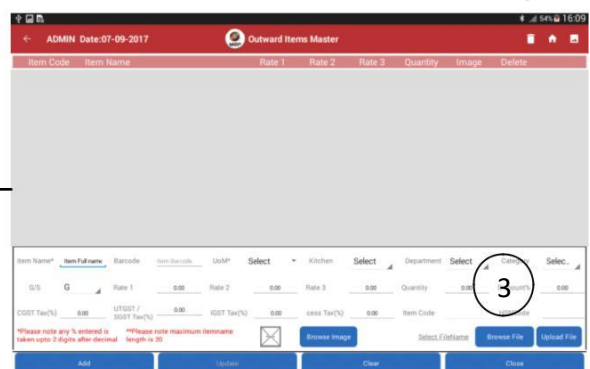

Click on "Masters"

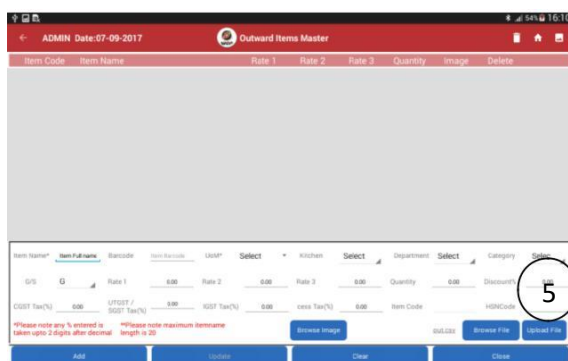

Click on "Outward Items Master"

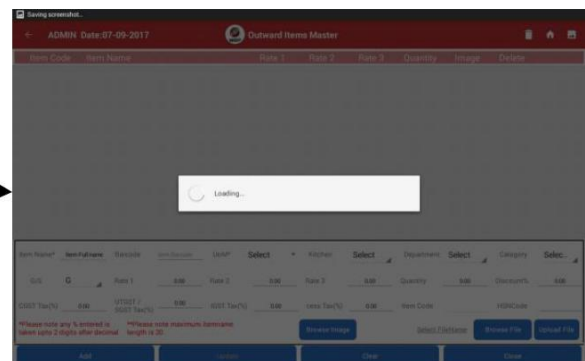

Navigate to the location where your CSV file is residing

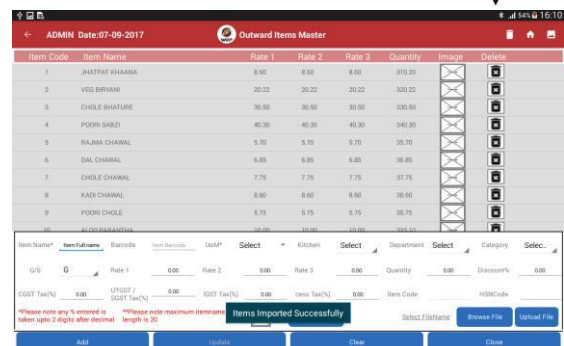

Click on "Browse File" to select a CSV file

Click on "Upload File"

Data is being loaded

Data is loaded

## 4 Add Items – Manually

**1** Click on "Masters"

**2** Click on "Outward Items Master"

**3** Enter item details and click on "Add" to add the item

**4** Item is added into database

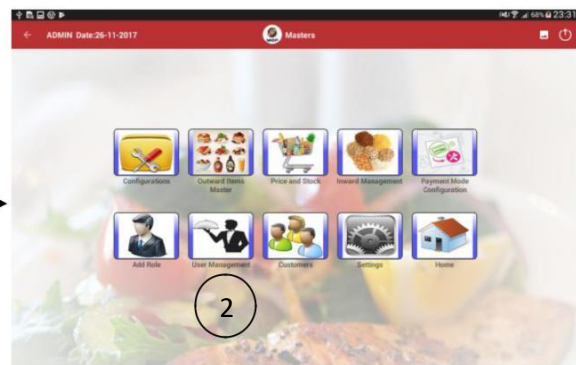

For using barcode of an item, user needs to configure barcode scanner to add line feed suffix. See Details in Section 3.6.2.1 of User Manual.

**Warning:** Without line feed user won't be able to add an item directly into KOT after scanning barcode rather, it will show the item in barcode search results and user has to select the item from there.

## 5 Add a New User

Click on "Masters"

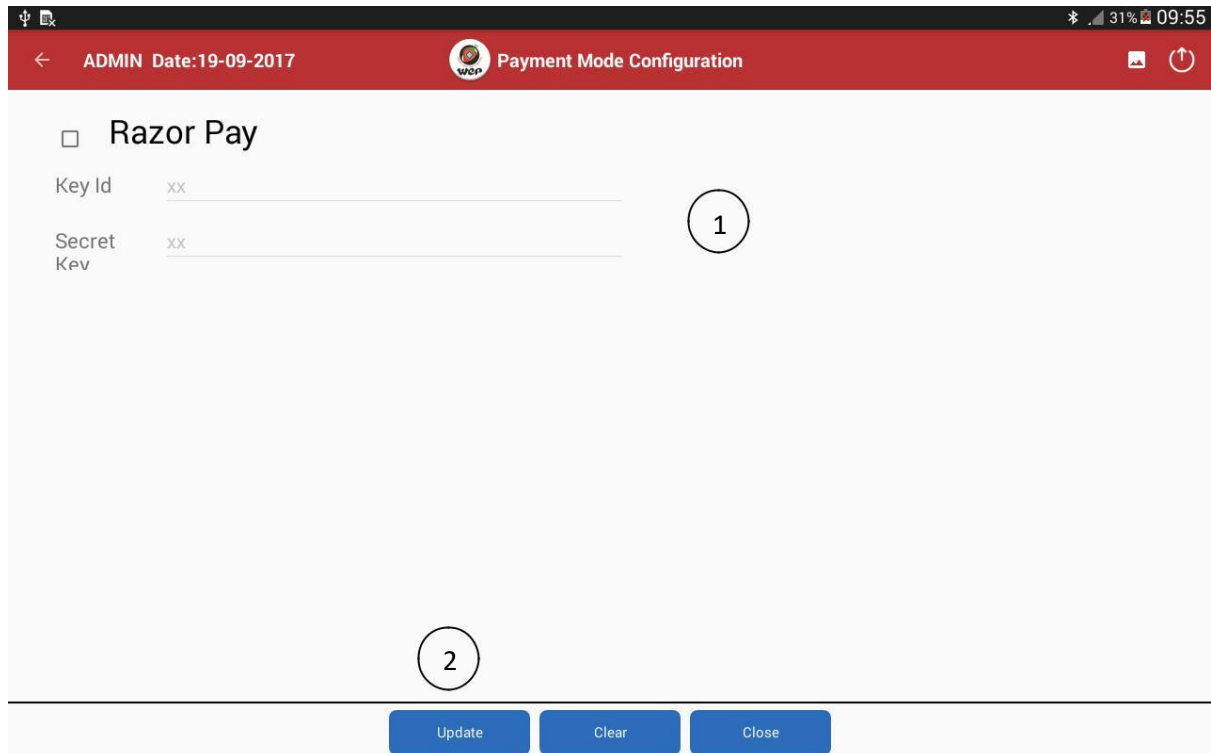

Click on "Waiter/Rider"

S.No	Name	Role
1	admin	Manager
2	Mahesh	Waiter
3	Muskan	Rider
4	Rakesh	Waiter
5	Pankaj	Rider
6	Vishal	Waiter
7	tina	Manager

Fill all the details and click on "Submit"

## 6 Payment mode configuration

User can configure Key Id & Secret Key for enabling the ability to make payments through Razor Pay. To generate Key Id & Secret Key, user needs to register on Razor Pay website. To register [Click Here](#) or visit <https://razorpay.com/>

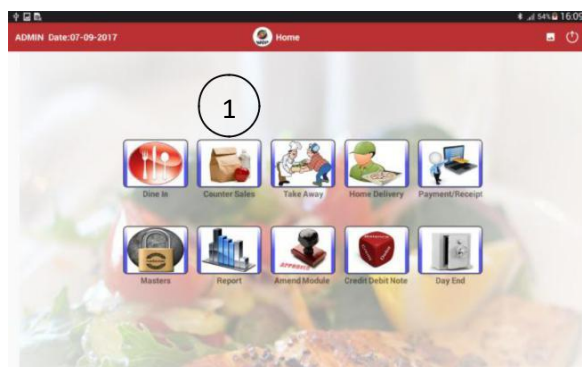

The screenshot shows a mobile application interface for 'Payment Mode Configuration'. At the top, there is a red header bar with a back arrow, 'ADMIN Date:19-09-2017', a logo, and the title 'Payment Mode Configuration'. Below the header, there is a section titled 'Razor Pay' with a checkbox. Under this section, there are two input fields: 'Key Id' and 'Secret Key', both containing 'xx'. A circled '1' is placed to the right of these fields. At the bottom of the screen, there are three buttons: 'Update', 'Clear', and 'Close'. A circled '2' is placed above the 'Update' button.

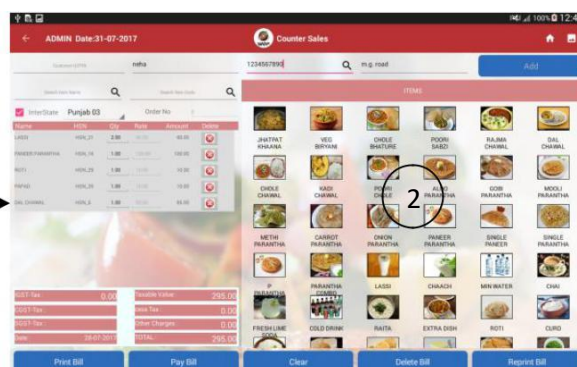

Get Key Id and Secret Key from Razor Pay website once you register then enter it here and click on Update button

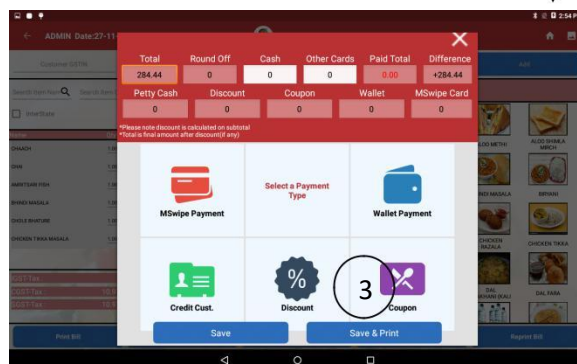

## 7 Billing Screen

Click on "Counter Sales"

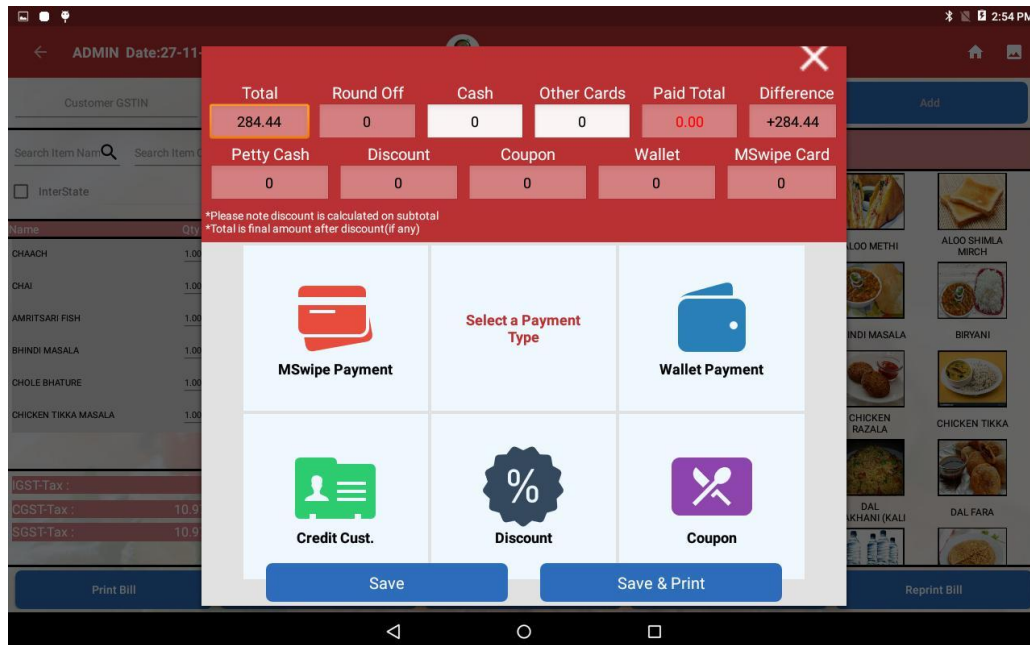

### Select items for the order from items list

Choose a payment option and click on "Save" to save the bill or click on "Save & Print" to print the bill as well
